

THE PERILOUS THAW

Jagriti Hinduja

Tick-Tock, Tick-Tock
Time keeps passing by
Tragedy draws nigh
Yet people seem unheeding.

With each second slipping
The ice caps melt away
Sea levels rise up
A future in chaos
Tick-Tock, Tick Tock.

But let not fear destroy us
Let hope brighten up our way
For we hold the ability to act
To save the earth we love.

Let's take action right now
To let our planet restore
The smile on its face
And promise to make it
eternal.
